

I am asking that the FCC not implement any proposal that would lessen Indiana's Telephone Privacy law protections. Receiving unwanted and unsolicited phone calls is very disrupting to my household. Since I registered to be placed on the list to not receive these calls, I am receiving less than 3 calls per week! What a blessing! I am currently experiencing health problems and it is difficult for me to get up and go into the next room to answer my phone - only to find that it is a telemarketer. Until I placed my name on the Telephone Privacy list, I was receiving almost 15 calls per week. PLEASE, PLEASE, do not lessen Indiana's Telephone Privacy law.
